

top reasons to join today

#5 ADVOCACY

The Chamber researches, lobbies and routinely discusses with local, state and federal government officials, the many issues that are good, bad and ugly for our members.

#4 VISIBILITY

Out of sight is out of mind. Chamber members have extra visibility through the Chamber's website, ribbon cuttings, in our directories, by participating in connection/networking events, and because we provide referrals only to our members, 24/7.

#3 ACCESS

Being a member gives you access to the movers and shakers in the business community and in the local, state and regional political arena. Why spend the day cold calling when you can participate with an organization that constantly strives to bring customers to you?

#2 COMMUNITY

The Chamber runs at least two major community events per year. There are many opportunities to volunteer and be a part of planning committees. Your investment insures the future of these events.

#1 GROWTH

Being a non-profit and receiving no outside financing, the Chamber relies on our members to invest in our mission to strengthen the local economy and promote our member businesses. Strong businesses make a strong community!
